

## Captivate 2019 settings

The screenshot shows the 'Size' and 'Recording Type' settings in Adobe Captivate 2019. The 'Size' section has two radio buttons: 'Screen Area' (selected) and 'Application'. Below them is a dropdown menu labeled 'Select the window to record'. Underneath is a section 'Set Capture Area to' with two radio buttons: 'Custom Size' (selected) and 'Full Screen'. Below these are two input fields for dimensions, currently set to '1024 x 627'. The 'Recording Type' section has two radio buttons: 'Automatic' (selected) and 'Manual'. Below them are four checkboxes: 'Demo' (checked), 'Assessment', 'Training', and 'Custom'. There are two dropdown menus: 'Panning' set to 'No Panning' and 'Audio' set to 'No Narration'. At the bottom, there is a checkbox for 'System Audio' which is unchecked. At the very bottom of the dialog are three buttons: 'Settings...', 'Record' (with a red dot icon), and 'Cancel'.
